

## Global NF 3901 AUT

### 1 NEEDLE HIGH-SPEED NEEDLE FEED LOCKSTITCH

The Global NF 3901 AUT is a 1 needle, direct drive, needle feed lockstitch machine. It is equipped with a handy digital which makes selecting and changing sewing settings quick and easy. This model has handy automatic features such as thread trimming and automatic back tack to save the operator time and effort.

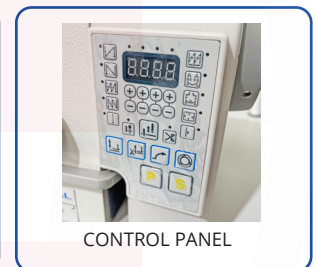

This model is ideal for sewing light to medium weight fabrics, particularly slippery materials such as silk or multiple layers, as the needle feed prevents puckering and produces consistently neat seams.

#### APPLICATIONS

A classic lockstitch looks the same on both sides of the fabric and is perfect for general sewing where seams aren't required to stretch. This machine is ideal for apparel production, but if you have any questions about your individual requirements then please speak to our friendly team and we'll be happy to help.
